

DME-LAN-002

Command module

Power supply (tension) 230V +/- 10%, frequency 50Hz

Installation Rail DIN (larger 9 modules)

Command system 4 x bus Domestia

Power consumption Maximum 3 W

Connecting terminal for supply power 1 x 2.5 mm²

Connecting terminals for RS485 (communication) and RS485 (detector t°/l°) 2 x 1.5 mm² ou 1 x 2.5 mm²

Connecting terminal for bus Domestia and power source 16V (detector t°/l°) 2 x 1.5 mm² ou 1 x 2.5 mm²

Connection Ethernet RJ45

Time settings Astro

Protection Protection en cas de surcharge thermique et court-circuit

Pushbutton switches NO

Temperature extremes -10°C to +55°C

Maximum distance from the farthest pushbutton switch 300 m with the bus Domestia

Weight 335 g

Norms See page 2

Packaging 1 Unit
